This is to verify your reception report of

24 Dec 87 at 5:44 PM EST

WCPC began operation in October, 1955 on 1320 KHZ with 1 KW authorized power. In 1957 this was increased to 5 KW.

On February 29, 1964 WCPC switched over to its present facilities of 50 KW, 3-Tower Directional Pattern on 940 KHZ; Mississippi's first 50 KW AM broadcasting operation.

WCPC Transmitter and Studios are located on Highway 15, 2¼ miles north of Houston.

Thank you for your report.
